906 South Goodwin Ave
Urbana, IL 61801

Office: 288 Freer Hall
Lab: 172D DRES
E-mail: yjan@illinois.edu

Biography

Dr. Yih-Kuen Jan, PhD is an Associate Professor and Director of Rehabilitation Engineering Lab in the Department of Kinesiology and Community Health at the University of Illinois at Urbana-Champaign (UIUC). Dr. Jan obtained his BS in Physical Therapy and MS in Biomedical Engineering from the National Yang Ming University, and PhD in Rehabilitation Science and Technology from the University of Pittsburgh. He completed a postdoctoral fellow training at the University of Pittsburgh. Dr. Jan's research focuses on *rehabilitation engineering* for people with disabilities and *soft tissue biomechanics* for wound prevention and musculoskeletal rehabilitation. Dr. Jan's research on using blood flow dynamics to assess tissue viability has been funded by NIH, NIDILRR, and PVA for more than \$2 million. His research findings have been contributing to the development of clinical guidelines on using wheelchair seating systems and support surfaces to prevent soft tissue injury. Dr. Jan serves as an Associate Editor for several prestigious journals, including the Assistive Technology, Journal of NeuroEngineering and Rehabilitation, Frontiers in Bioengineering and Biotechnology, and Frontiers in Physiology as well as on the editorial board for the Journal of Tissue Viability, BMC Sports Science, Medicine and Rehabilitation, PLOS ONE, and Scientific Reports. Dr. Jan served as the Chair of Scientific Papers of the Rehabilitation Engineering and Assistive Technology Society of North America (RESNA) in 2015-2021. He serves on the Research Committee of RESNA since 2013. Dr. Jan was a councilor of the World Association of Chinese Biomedical Engineers (WACBE). He has published more than 100 journal papers.

Education

- 2004-2006 **Postdoc in Rehabilitation Science & Technology**, University of Pittsburgh
Mentors: David M. Brienza, PhD and Michael L. Boninger, MD
- 2000-2004 **Ph.D. in Rehabilitation Science & Technology**, University of Pittsburgh
Committee: David M. Brienza, PhD (chair), Michael L. Boninger, MD, George E. Carvell, PT, PhD, Mary Jo Geyer, PT, PhD, and David A. Vorp, PhD
- 1995-1997 **M.S. in Biomedical Engineering**, National Yang-Ming University, Taiwan
- 1991-1995 **B.S. in Physical Therapy**, National Yang-Ming University, Taiwan

Professional Appointments

- 2012-present **University of Illinois at Urbana-Champaign (UIUC)**
 - Associate Professor (tenured), Department of Kinesiology and Community Health, College of Applied Health Sciences (2012-present)
 - Director, Rehabilitation Engineering Lab, Disability Resources and Educational Services (2012-present)
 - Director, International Graduate Mentors Program (IGMP) on Kinesiology and Community Health, Global Education and Training, Illinois International (2019-present)
 - Affiliate, Discovery Partners Institute (2021-present)
 - Affiliate, Computational Science and Engineering Program, College of Engineering (2012-present)
 - Affiliate, Center for Health, Aging and Disability (2012-present)
 - Affiliate, Center for Health Informatics (2017-present)
 - Affiliate, Center for East Asian & Pacific Studies (2017-present)
 - Affiliate, Chicago Center for Diabetes Translation Research (NIDDK P30), Department of Medicine, University of Chicago (2016-present)
- 2008-2012 **University of Oklahoma, Health Sciences Center (OUHSC)**

Assistant Professor (tenure track), Doctor of Physical Therapy program, Department of Rehabilitation Sciences (2008-2012)

Director, Rehabilitation Biomechanics Lab (2008-2012)

Adjunct Assistant Professor, Department of Physiology (2009-2012)

Adjunct Assistant Professor, Department of Aerospace & Mechanical Engineering (Bioengineering) (2010-2012)

Adjunct Assistant Professor, Oklahoma Center for Neuroscience (2010-2012)

Primary Researcher (WOC), OKC Veterans Affairs Medical Center (2008-2012)

2000-2008 **University of Pittsburgh (Pitt)**

Assistant Professor (research track), Department of Rehabilitation Science and Technology (2007-2008)

Visiting Assistant Professor, Department of Rehabilitation Science and Technology (2006-2007)

Task Leader, Rehabilitation Engineering Research Center (RERC) on Spinal Cord Injury, National Institute on Disability, Independent Living and Rehabilitation Research (PI: David Brienza, 2006-2008)

Researcher, Quality of Life Technology Engineering Research Center (NSF ERC), Carnegie Mellon University and Pitt (PI: Takeo Kanade, 2006-2008)

Researcher (WOC), Pittsburgh Veterans Affairs Healthcare System (PI: Rory Cooper, 2006-2008)

Postdoctoral Fellow (2004-2006)

Graduate Research Assistant (2000-2004)

1997-1999 **Clinic of the Combined Service Forces Headquarters, Taipei, Taiwan**

Physical Therapist and Second Lieutenant Medical Officer, Department of Physical Therapy

1995-1997 **National Yang-Ming University, Taipei, Taiwan**

Research Assistant, Rehabilitation Engineering Lab, Department of Biomedical Engineering

Research Assistant, Motion Analysis Lab, Department of Physical Therapy and Assistive Technology

Licensures

2002-present Physical Therapist License, New York (#024747)

1996-present Physical Therapist License, Taiwan (#186)

Honors and Awards

2022 List of Teachers Ranked as Excellent by Their Students (Spring 2022, REHB/CHLH 330 ON2), UIUC

2022 Top Cited Article 2020-2021, Using laser Doppler flowmetry with wavelet analysis to study skin blood flow regulations after cupping therapy, Skin Research and Technology, Wiley

2021 **Distinguished Service Award, Rehabilitation Engineering and Assistive Technology Society of North America (RESNA)**

2021 Outstanding Editor Award, Frontiers in Physiology

2020 List of Teachers Ranked as Excellent by Their Students (Fall 2020, REHB/CHLH 330 ON2), UIUC

2017 **Invited Attendee, Summit on Global Research, Innovation, and Education in Assistive Technology, World Health Organization, Geneva, Switzerland, August 3-4**

-Five position papers were published based on the consensus of this WHO Summit on Assistive Technology. One of the position papers that I involved is: Smith EM, Gowran RJ*, Mannan H, Donnelly B, Alvarez L, Bell D, Contepomi S, Ennion L, Hoogerwerf EJ, Howe T, **Jan YK**, Kagwiza J, Layton N, Legerd R, MacLachlan M, Oggero G, Pettersson C, Pousada T, Scheffler E, Tebbut E, and Wu S (2018). Enabling appropriate skills-mix towards progressive realisation of equitable access to assistive technology. *Disability and Rehabilitation: Assistive Technology*, 13(5), 445-453.)

- 2016 **Highly Cited Researcher, Elsevier** (Skin blood flow dynamics and its role in pressure ulcers, *Journal of Tissue Viability*)
- 2016 The 1st Remarkable Alumni Award, Department of Physical Therapy and Assistive Technology, National Yang-Ming University, Taiwan
- 2015 Best Paper Award, Student Scientific Paper Competition, RESNA International Conference, Denver, CO (Role: Advisor)
- 2015 Honorable Mention Award, Student Scientific Paper Competition, RESNA International Conference, Denver, CO (Role: Advisor)
- 2014 2nd Place, Best Poster Award, Computational Science and Engineering Annual Meeting, University of Illinois, Urbana, IL (Role: Advisor)
- 2014 Honorable Mention Award, Student Scientific Paper Competition, RESNA International Conference, Indianapolis, IN (Role: Advisor)
- 2012 Outstanding Faculty in Research Award, Senior Category, College of Allied Health, University of Oklahoma Health Sciences Center
- 2009 Outstanding Faculty in Research Award, Junior Category, College of Allied Health, University of Oklahoma Health Sciences Center
- 2008 Faculty Fellow, Faculty Leadership Program, University of Oklahoma Health Sciences Center (Mentors: Marti Ferretti and Robert Foreman)
- 2007 Member (Nominated), Pepper Scholars Working Group, University of Pittsburgh Claude D. Pepper Older Americans Independence Center (NIH P20)
- 2007 Finalist, Best Poster Award, Science 2007, University of Pittsburgh, Pittsburgh, PA
- 2006 **Mary E. Switzer Research Fellow, National Institute on Disability, Independent Living and Rehabilitation Research (NIDILRR)**
- 2004 Best Post-Doctoral Research Paper Award, Rehabilitation Institute Research Day, University of Pittsburgh Medical Center
- 2003 Honorable Mention Award, Student Scientific Paper Competition, Rehabilitation Engineering and Assistive Technology Society of North America (RESNA) International Conference, Atlanta, GA
- 2003 Finalist, Best Poster Award, Science 2003, University of Pittsburgh, Pittsburgh, PA
- 2002 Pre-Doctoral Research Fellowship Award, Advanced Rehabilitation Research Training (ARRT) program at the University of Pittsburgh, NIDILRR
- 1997 First Place, Student Thesis Competition: Biomedical Engineering Category, National Yang-Ming University, Taipei, Taiwan
- 1996 Academic Achievement Award (Highest GPA), Department of Biomedical Engineering, National Yang-Ming University, Taipei, Taiwan (09/1996)
- 1994 Academic Achievement Awards (Highest GPA), Department of Physical Therapy, National Yang-Ming University, Taipei, Taiwan (02/1994 and 09/1994)
- 1993-1995 Outstanding College Students Scholarships, The Jans Kindred Association, Taiwan. (08/1993, 02/1994, 08/1994, & 02/1995)

RESEARCH AND SCHOLARSHIP

Peer-Reviewed Journal Articles (* indicates the corresponding author)

76. **Jan YK**, Struck BD, Foreman RD, Robinson C, and MacRobert M (2010). Wavelet analysis of skin blood flow oscillations to assess soft tissue viability in older adults. College of Allied Health Research Day, OUHSC, November 12.
77. Clagg L, Garrison DW, and **Jan YK** (2010). Effect of sympathovagal balance on posturally-induced vasoconstrictive responses in people with spinal cord injury. Oklahoma INBRE research program, July 23.
78. **Jan YK**, Curtis DD, Foreman RD, and Lyons TJ (2010). Biomechanical analysis of risk for diabetic foot ulcers. 2010 Oklahoma Health Research Conference, Oklahoma Center for the Advancement of Science and Technology (OCAST), Midwest City, OK, April 22.
79. Lee B, Rabadi M, Foreman RD, and **Jan YK** (2010). Exploring the affect of cooling on the development of pressure ulcers. Graduate Research and Education Technology Symposium, OUHSC, March 30-April 1.
80. **Jan YK**, Struck BD, Foreman RD, and Robinson C (2009). Wavelet analysis of blood flow oscillations to assess pressure ulcer risk in older adults. RESNA Annual Conference, New Orleans, LA, June 23-27.
81. **Jan YK**, Brienza DM, Brenes G, and Boninger ML (2009). Effects of alternating and constant pressures on soft tissue viability and pressure ulcer risk in people with spinal cord injury. Congress on Spinal Cord Medicine and Rehabilitation, Dallas, TX, September 23-26. (Journal of Spinal Cord Medicine 2009; 32(4): 457.)
82. Tzen Y, **Jan YK**, Porach EA, Karg PE, and Brienza DM (2009). Effects of local cooling on sacral skin perfusion response to pressure: implications for pressure ulcer prevention. National Pressure Ulcer Advisory Panel (NPUAP) Biannual Conference, Washington, DC, February.
83. Tzen Y, **Jan YK**, and Brienza DM (2008). Development of a system to study the effect of local cooling on skin blood flow response to interface pressure. RESNA Annual Conference, Arlington, VA, June 26-30.
84. **Jan YK**, Brienza DM, and Brenes G (2008). Assessment of endothelial function using wavelet analysis of skin blood flow oscillations in older people. International Conference on Mechanics in Medicine and Biology, Pittsburgh, PA, July 23-25.
85. **Jan YK**, Day JD, Foreman RD, and Bryer-Ash M (2008). The roles of biomechanical property and microvascular function on diabetic foot ulcer development. Fifth Oklahoma Diabetes Research Retreat, Oklahoma City, OK, November 22.
86. **Jan YK**, Brienza DM, and Porach EA (2007). Noninvasive assessment of endothelial nitric oxide function using wavelet-based spectrum analysis of laser Doppler blood flow oscillations in elderly people. Science 2007: Collaborate, Innovate, Transform, University of Pittsburgh, PA, October 11-12.
87. **Jan YK**, Brienza DM, and Boninger ML (2005). Analysis of skin blood flow responses to mechanical stresses with implications to alternating pressure support surfaces. RESNA Annual Conference, Atlanta, GA.
88. **Jan YK**, Brienza DM, and Boninger ML (2005). A time-frequency approach using wavelets to study week-to-week variability in blood flow oscillations. XXth Congress of the International Society of Biomechanics and 29th Annual Meeting of the American Society of Biomechanics, Cleveland, OH.
89. **Jan YK** and Brienza DM (2005). Using wavelet-based spectrum analysis of skin blood flow oscillations to investigate the physiologic mechanisms associated with alternating pressure. Clinical Symposium on Advances in Skin and Wound Care, Las Vegas, Nevada, October.
90. **Jan YK**, Brienza DM, and Boninger ML (2005). A time-frequency approach using wavelets to study week-to-week variability in blood flow oscillations. Department of Physical Medicine and Rehabilitation's Annual Resident Research Day, University of Pittsburgh, Pittsburgh, PA.

91. **Jan YK**, Brienza DM, and Geyer MJ (2004). Using wavelet analysis to investigate skin blood flow control mechanisms: Implications for skin thermoregulatory mechanisms. RESNA Annual Conference, Orlando, FL.
92. **Jan YK**, Brienza DM, and Geyer MJ (2004). A comparison of skin blood flow responses to alternating pressure and constant loading. 2nd World Union of Wound Healing Societies' Meeting, Paris, France.
93. **Jan YK**, Brienza DM, and Geyer MJ (2004). A comparison of changes in rhythms of sacral skin blood flow in response to heating and indentation. American Physical Therapy Association Annual Conference, Chicago, IL.
94. **Jan YK**, Brienza DM, and Geyer MJ (2004). A comparison of changes in rhythms of sacral skin blood flow in response to heating and indentation. McGowan Institute for Regenerative Medicine 2004 Scientific Retreat, Farmington, PA.
95. **Jan YK**, Brienza DM, and Geyer MJ (2004). A time-frequency approach using wavelets to study week-to-week variability in blood flow oscillations. Science 2004: No Boundaries, University of Pittsburgh, Pittsburgh, PA, October 6-8.
96. **Jan YK**, Brienza DM, and Geyer MJ (2004). A comparison of skin blood flow responses to alternating pressure and constant loading. Department of Physical Medicine and Rehabilitation's Annual Resident Research Day, University of Pittsburgh, Pittsburgh, PA.
97. **Jan YK**, Geyer MJ, Brienza DM, and Boninger ML (2003). Using wavelet analysis to characterize thermoregulatory mechanisms of sacral skin blood flow. Science 2003: Improving the Human Condition, University of Pittsburgh, Pittsburgh, PA, September 24-26.
98. Lung CW, Yang SW, and **Jan YK** (2003). Functional evaluation of below-knee prosthetic feet. World Congress on Medical Physics and Biomedical Engineering Conference, Australia.
99. **Jan YK**, Geyer MJ, and Brienza DM (2003). Development of a system to study the effect of alternating pressure loading on skin perfusion. RESNA Annual Conference, Atlanta, GA.
100. Wang J, Brienza DM, and **Jan YK** (2001). Review of etiology of pressure ulcers and development of pressure-relieving products. The 3rd National Conference in Rehabilitation Medicine, Beijing, China.
101. **Jan YK**, Lee SJ, and Yang SW (1997). The effects of walking speed on plantar pressure. Annual Symposium of the Chinese Biomedical Engineering Society, Taoyuan, Taiwan.
102. **Jan YK**, Huang YC, and Yang SW (1997). Foot pressure analysis of below-knee amputees. Annual Symposium of the Chinese Biomedical Engineering Society, Taoyuan, Taiwan.
103. **Jan YK**, Lee SJ, and Yang SW (1997). Comparison of overground and treadmill foot pressure. Annual Symposium of the Chinese Biomedical Engineering Society, Taoyuan, Taiwan.
104. **Jan YK**, Yang SW, and Cheung W (1996). Gait analysis of different prosthetic feet. Annual Meeting of Chinese Prosthetics and Orthotics Society, Taipei, Taiwan.
105. Chang MK, **Jan YK**, and Yang SW (1995). Gait analysis of alignment and foot prosthesis of below-knee prosthesis. Joint Conference of the International Society of Biomechanics and the Formosan Society of Biomechanics, Tainan, Taiwan.

Invited Presentations

1. **Jan YK** (2022). Soft Tissue Biomechanics in Rehabilitation. School of Biological Science and Medical Engineering, Beihang University, July 15.
2. **Jan YK** (2022). Soft Tissue Biomechanics in the Dose-Response Relationships of Rehabilitation. School of Biological Science and Medical Engineering, Beihang University, July 8.
3. **Jan YK** (2022). Global Report on Assistive Technology. School of Biological Science and Medical Engineering, Beihang University, July 1.
4. **Jan YK** (2022). Soft Tissue Biomechanics in Rehabilitation: from Bulk Tissues and Blood Vessels to Optimal Dose-Response Relationships of Interventions. International Webinar Series on Smart Healthcare Science and Technology, June 16.

5. **Jan YK** (2019). Microvascular biomechanics and its applications in assistive device development. International Conference on Medicine in Novel Technology and Devices, Beijing, China, August 11-12.
6. **Jan YK** (2019). Topic 1: Review of rehabilitation professions in the United States. Topic 2: Assistive technology development and practice: perspectives from RESNA. Department of Physical Therapy, National Cheng Kung University, Tainan, Taiwan, June 6.
7. **Jan YK** (2019). Review of Doctor of Physical Therapy Application Process and Physical Therapist Career in the United States. Student Physical Therapist Association, National Cheng Kung University, Tainan, Taiwan, May 30.
8. **Jan YK** (2019). Topic 1: Review of the University of Illinois at Urbana-Champaign (UIUC). Topic 2: Microvascular dynamics and its applications in physical therapy. Department of Physical Therapy, National Cheng Kung University, Tainan, Taiwan, May 30.
9. **Jan YK** (2018). Evaluations of the National Institutes of Health research plan on rehabilitation. 2018 International Symposium on Rehabilitation Engineering, Qinhuangdao, China, September 9.
10. **Jan YK** (2017). Applying a problem-based learning (PBL) approach to research the needs of assistive device designs. College of Creative Design, Asia University, Taichung, Taiwan, December 12.
11. **Jan YK** (2017). Applying a problem-based learning (PBL) approach to design assistive devices. College of Creative Design, Asia University, Taichung, Taiwan, December 11.
12. **Jan YK** (2017). Microvascular biomechanics and its applications on injury prevention and rehabilitation. Rehabilitation Engineering Conference and Expo, Beijing, China, November 1.
13. **Jan YK** (2017). Using American experience on developing assistive technology industry to guide the development of rehabilitation engineering in China. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, June 5.
14. **Jan YK** (2017). Rehabilitation Engineering and Assistive Technology for improving the quality of life in people with disability. A special lecture for the Technology and Industry seminar, Beihang University, Beijing, China, June 2.
15. **Jan YK** (2017). Evaluations of research plan on rehabilitation of the National Institutes of Health to develop strategies to advance rehabilitation research in China. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, May 31.
16. **Jan YK** (2017). Biomechanical analyses of risks for diabetic foot ulcers. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, May 22.
17. **Jan YK** (2017). Biomechanical analyses of risks for diabetic foot ulcers. University of Chicago, Chicago Center for Diabetes Translation Research, Chicago, IL, March 24.
18. **Jan YK** (2016). Global Disability and Rehabilitation Engineering Initiatives. Xi'an Jiaotong University, Institute of Biomedical Engineering, Xi'an, China, May 23.
19. **Jan YK** (2016). Rehabilitation Engineering and Assistive Technology for improving the quality of life in people with disability. A special lecture for the Technology and Industry seminar, Beihang University, Beijing, China, May 18.
20. **Jan YK** (2016). Soft tissue biomechanics and its applications on injury prevention and rehabilitation. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, May 17.
21. **Jan YK** (2016). Global Disability and Rehabilitation Engineering Initiatives. National Research Center for Rehabilitation Technical Aids (NRCRTA), National Department of Civil Affairs, Beijing, China, May 16.
22. **Jan YK** (2016). Microvascular biomechanics and its applications on injury prevention and rehabilitation. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, May 11.
23. **Jan YK** (2016). Wheelchair and seating research for people with disabilities. Beihang University, School of Biological Science and Biomedical Engineering, Beijing, China, May 9.

24. **Jan YK** (2016). Microvascular physiology and soft tissue biomechanics of pressure ulcers/injury. Carle Foundation Hospital Wound Healing Clinic, April 29.
25. **Jan YK** (2015). Development of wheelchair driving and seating systems for people with disabilities. University of Illinois at Urbana-Champaign, Department of Industrial and Enterprise Systems Engineering, IL, November 19.
26. **Jan YK** (2015). Development of methods for assessing wheelchair driving and seating performance. Technology Center for Innovative Medicine & Division of Biomedical Engineering, Chinese University of Hong Kong, Hong Kong, July 3.
27. **Jan YK** (2015). Development of methods for assessing wheelchair driving and seating performance. National Changhua University of Education, Department of Electrical Engineering, Changhua, Taiwan, June 24.
28. **Jan YK** (2015). Adaptive sports and cardiovascular function in wheelchair users. Kaohsiung Medical University, Department of Sports Medicine, Kaohsiung, Taiwan, June 18.
29. **Jan YK** (2015). Soft tissue biomechanics and injury prevention. Department of Sports Medicine, Kaohsiung Medical University, Department of Sports Medicine, Kaohsiung, Taiwan, June 18.
30. **Jan YK** (2015). Microvascular remodeling to physical activity and inactivity. Kaohsiung Medical University, Department of Sports Medicine, Kaohsiung, Taiwan, June 17.
31. **Jan YK** (2015). Assistive technology and rehabilitation engineering research at the University of Illinois at Urbana-Champaign. Kaohsiung Medical University, Department of Sports Medicine, Kaohsiung, Taiwan, June 16.
32. **Jan YK** (2015). Kinesiology and community health research at the University of Illinois at Urbana-Champaign. Kaohsiung Medical University, Department of Sports Medicine, Kaohsiung, Taiwan, June 16.
33. **Jan YK** (2015). Wheeled mobility and seating research in Rehabilitation Engineering Lab at UIUC. International Medical Device Summit and Beihang University Biomedical Engineering Research Symposium, Beijing, China, May 14.
34. **Jan YK** and lab students (2015). Wheeled mobility and seating research in Dr. Jan's lab. Division of Disability Resources and Educational Services, UIUC. March 6.
35. **Jan YK** (2015). Wheeled mobility and seating research at Rehabilitation Engineering Lab, UIUC. The Chittenden Symposium on Mobility, Technology and the Future of Health. University of Illinois at Urbana-Champaign, Champaign, IL January 29.
36. **Jan YK** (2013). Soft tissue biomechanics of diabetic foot ulcers. Bio-Interest Group Seminars, University of Illinois at Urbana-Champaign Department of Mechanical Science and Engineering, October 28.
37. **Jan YK** (2013). The role of microvascular and tissue mechanic factors on the development of pressure ulcers. University of Illinois at Chicago, Center for Wound Healing and Tissue Regeneration, Chicago, IL, January 17.
38. **Jan YK** (2012). Research program in Dr. Jan's research lab. Surgery Research Roundtable, Department of Surgery, School of Community Medicine, University of Oklahoma, Tulsa, OK, March 7.
39. **Jan YK** (2011). Effect of spinal cord injury on autonomic and microvascular dysfunction. Neuroscience Seminars, Oklahoma Center for Neuroscience, College of Medicine, University of Oklahoma Health Sciences Center, Oklahoma City, OK, November 4.
40. **Jan YK** (2011). Effect of spinal cord injury on nonlinear complexity of skin blood flow oscillations. 2011 Human Computer Interaction International Conference, Orlando, FL, July 9-14.
41. **Jan YK** (2011). Development of the Oklahoma Assistive Technology Research Center: Journey through Biomedical Engineering to Rehabilitation Research. Rehabilitation Sciences Research Roundtable, Department of Rehabilitation Sciences, College of Allied Health, OUHSC, April.

42. **Jan YK** (2010). Soft tissue biomechanics and pressure ulcer prevention. Neuroscience Postdoc/Junior Faculty meetings, Oklahoma Center for Neuroscience, College of Medicine, OUHSC, September.
43. **Jan YK** (2009). The role of biomechanics in diabetic foot ulcers. Endocrinology Grand Rounds, Department of Medicine-Endocrinology and Diabetes, College of Medicine, OUHSC, September 22.
44. **Jan YK** (2009). Blood flow and tissue mechanics factors in pressure ulcers of people with disabilities. Physiology Research Seminars, Department of Physiology, OUHSC, April.
45. **Jan YK** (2009). The promise of translational physiology in rehabilitation research. Rehabilitation Sciences Research Seminars, D.Sc. program, Department of Rehabilitation Sciences, College of Allied Health, OUHSC, March.
46. **Jan YK** (2008). Effectiveness of local cooling on enhancing tissue tolerance to loading pressure in SCI: a preliminary report. Spinal Cord Symposium, Christopher and Dana Reeve Foundation, Atlanta, GA, May 9-11.
47. **Jan YK** (2007). Skin blood flow oscillation and pressure ulcer risk in older adults with disabilities. Mary E. Switzer Research Fellow Seminar, National Institute on Disability and Rehabilitation Research (NIDRR), Washington, DC, May 3-4.

Research Grant Awards – Extramural

1. **Paralyzed Veterans of America Education Foundation** (PVA817), 2017-2019, Total Cost \$47,709, Project title: Pressure management in adaptive sports (PI: Ian Rice), Role: Co-I
2. **Egyptian Cultural & Educational Bureau**, 2016-2018, Total Cost: \$5,000, Project title: Rehabilitation research development, Role: PI
3. **Department of Veterans Affairs**, 2015-2017, Total Cost \$40,000, Project title: Sustainable sports science instructional program for VA athletes and coaches (PI: Ian Rice), Role: Co-I
4. **Paralyzed Veterans of America Research Foundation** (PVA2827), 2012-2014, Total Cost \$100,000, Project title: Effects of obesity on soft tissue mechanical properties in people with SCI (postdoctoral fellowship for Fuyuan Liao), Role: Mentor and Co-PI
5. **National Institutes of Health**, INBRE Junior Scholar Award (P20GM103447), 2011-2013, Total Cost \$293,000 (Oklahoma INBRE PI: Darrin Akins), Project title: Autonomic and microvascular functions and pressure ulcers in spinal cord injury, Role: Principal Investigator
6. **National Institutes of Health**, INBRE Program Grant (P20GM103447) (PI: Jicheng Fu, PhD, University of Central Oklahoma), 2011-2014, Total Cost \$308,791 (Oklahoma INBRE PI: Darrin Akins), Project title: An intelligent system for clinical guidance on power seat function usage to reduce pressure ulcers risk, Role: Co-PI
7. **National Institutes of Health** (R21HD065073), 2010-2012, Total Cost \$205,152, Project title: Blood flow oscillations and early detection of pressure ulcers in older adults, Role: Principal Investigator
8. **National Institutes of Health**, Oklahoma Institutional Development Award (IDeA) Network of Biomedical Research Excellence (INBRE), Summer Research Program, Total Cost \$6,600.00; Role: Mentor (2010-2012)
9. **National Institutes of Health** (R03HD060751), 2009-2012, Total Cost \$146,500, Project title: Effects of power seat function usage on tissue viability in wheelchair users with spinal cord injury, Role: Principal Investigator

10. **National Institutes of Health** (R03HD060751-01S1), 2009-2010, Total Cost \$20,000, Project title: Administrative supplement for a near infrared spectroscopy, Role: Principal Investigator
11. **Oklahoma Center for the Advancement of Science and Technology** (HR09-048), 2009-2012, Total Cost \$135,000, Project title: Biomechanical analysis of risk for diabetic foot ulcers: a pilot study, Role: Principal Investigator
12. **Christopher and Dana Reeve Foundation** (JA2-0701-2), 2008-2011, Total Cost \$150,000, Project title: Effectiveness of local cooling on enhancing tissue tolerance to pressure loading, Role: Principal Investigator
13. **Presbyterian Health Foundation** (PHF1545), 2008-2010, Total Cost \$25,868, Project title: Effects of power seat function usage on tissue viability in wheelchair users with SCI: a pilot study, Role: Principal Investigator
14. **National Institute on Disability, Independent Living and Rehabilitation Research**, Center for International Rehabilitation Research Information and Exchange (CIRRIE), International Exchange Program Grant, 2008-2009, Direct Cost \$2,500.00; Project title: Research collaboration between a NIDRR-funded grant and Xi'an Children Hospital, Xi'an, China. Role: Principal Investigator
15. **Paralyzed Veterans of America Research Foundation** (PVA2480), 2007-2009, Total Cost \$150,000, Project title: Remodeling ANS and endothelium with exercise for preventing pressure ulcers: a pilot study, Role: Principal Investigator
16. **National Institute on Disability, Independent Living and Rehabilitation Research**, Mary E. Switzer Research Fellowship (H133F060025), 2006-2008, Total Cost \$65,000, Project title: Skin blood flow oscillations and pressure ulcer risk in older adults with disabilities, Role: Principal Investigator
17. **National Institute on Disability, Independent Living and Rehabilitation Research**, Rehabilitation Engineering Research Center on Spinal Cord Injury (H133E070024) (Center Director: David Brienza), 2007-2012, Total Cost \$4.7 million, Project title: R1- Skin cooling and tissue viability (10/1/2007-4/30/2008), Role: Project Principal Investigator
18. **National Institute on Disability, Independent Living and Rehabilitation Research**, Rehabilitation Engineering Research Center on Spinal Cord Injury (H133E070024) (Center Director: David Brienza), 2007-2012, Total Cost \$4.7 million, Project title: R2- Effects of weight shifting on pressure ulcer risk status (10/1/2007-4/30/2008), Role: Co-investigator
19. **National Science Foundation**, Quality of Life Technology Engineering Research Center (EEC-0540865) (Center Directors: Takeo Kanade and Rory Cooper), 2006-2011, Total Cost \$18 million, Project title: SmartSeat, Role: Co-Investigator & Center Researcher
20. **National Institute on Disability, Independent Living and Rehabilitation Research**, Field Initiated Program (H133G040222), 2004-2007, Total Cost \$450,000 (PI: David Brienza), Project title: A study of biophysical and microvascular function of individuals with spinal cord injuries: implications for alternating pressure support surfaces, Role: Co-PI
21. **National Institute on Disability, Independent Living and Rehabilitation Research**, Advanced Rehabilitation Research Training Program (ARRT, H133P970013), Total Cost \$727,308 (PIs: Cliff Brubaker and David Brienza), Project title: Research Training in Rehabilitation Science with Special Emphasis on Disability Studies, Role: Graduate Student Researcher (2002-2004)
22. **Department of Veterans Affairs**, Center of Excellence on Wheelchairs and Related Technology (F2181C) (Center directors: Rory Cooper and Michael Boninger), 2000-2005, Total Cost \$3.5

million, Project title: A comparison of the effects of static and dynamic low-level sacral loading on blood flow in spinal cord injured subjects, Role: Graduate Student Researcher (2000-2002)

Research Grant Awards – Intramural

1. **University of Illinois at Urbana-Champaign**, Office of Vice Chancellor for Research, Campus Research Board (#13288), 2013-2014, Total Cost \$25,000, Project title: Wheelchair tilt and recline for preventing pressure ulcers in people with spinal cord injury: a pilot study, Role: Principal Investigator
2. **University of Oklahoma Health Sciences Center**, College of Allied Health Seed Grants Program, 2009, Total Cost \$2,000, Project title: Physical activity, ANS function, and pressure ulcer risk in the elderly: a pilot study, Role: Principal Investigator

TEACHING EXPERIENCE

University of Illinois at Urbana-Champaign (2012-present)

- **KIN 449 Rehabilitation Biomechanics**
- **REHB/CHLH 330 ON2 Disability in the American Society**
- CHLH 545 Grant Writing for Health Professionals
- KIN/CHLH 494 Rehabilitation Professions
- KIN/CHLH 199 Introduction to Rehabilitation
- KIN 385 Exper in Kinesiology Research (Fall CRN: 57175, Spring CRN: 61128)
- CHLH 393 Special Projects (CRN 15706)
- KIN 599 Thesis Research (CRN 21459)
- CHLH 599 Thesis Research (CRN 15785)
- REHB 501 Rehabilitation Research (2013-2015)
- REHB 594 Advances in Rehabilitation Technology (2013-2015)
- KIN 565 Teaching in the Professoriate, Mentor (Fall 2016, Fall 2019)
- CHLH/REHB 407 Disability, Culture, and Society, Co-Professor (with Laura Rice, Spring 2016)
- KIN 457 Motor Learning and Control, Co-Professor (with Jake Sosnoff, Spring 2014)

University of Oklahoma Health Sciences Center (2008-2012)

- RS 5153 **Biomechanics**, Professor
- PHTH 8132 **Cardiopulmonary Rehabilitation**, Co-Professor (with Jane Soltani)
- PHTH 8133/OCTH 7143 **Principles of Human Movement**, Lab Faculty
- PHTH/OCTH 9391 Interprofessional Case Management, Faculty Facilitator
- PHTH 8271 Clinical Reasoning in Physical Therapy I, Faculty Facilitator
- PHTH 9152 Clinical Reasoning in Physical Therapy II, Faculty Facilitator
- PHTH 8362 Clinical Education I, Faculty Interviewer
- PHTH 8383 Clinical Education II, Faculty Interviewer
- PHYO 5980 Research Master's Thesis, Professor
- PHYO 5990 Special Studies, Professor
- ECE 5973 Biomedical Signals and Systems (Instructor: Lei Ding), Guest Lecturer on microcirculation and its signal analysis (2011)

University of Pittsburgh (2002-2008)

- HRS 2706 **Rehabilitation Biomechanics**, from TA (for Gina Bertocci in 2002-2003) to Co-Professor (with David Brienza in 2004-2008)

International Student Exchange and Research Collaboration Programs

- International Graduate Mentors Program (IGMP) on Kinesiology and Community Health, Global Education and Training, Illinois International, University of Illinois at Urbana-Champaign; Role: Director (2019-present) & mentor (2018-present)
- Research collaboration and student exchange agreement between University of Pittsburgh Department of Rehabilitation Science and Technology and Korean Advanced Institute of Science and Technology (KAIST), Daejeon, South Korea (approved by the University Center for International Studies and Senior Vice President of Health Sciences); Role: Coordinator and Initiator (2007 - 2008)
- Research collaboration and student exchange agreement between University of Pittsburgh Department of Rehabilitation Science and Technology and Xi'an Jiaotong University Institute of Biomedical Engineering, Xi'an, China (approved by the University Center for International Studies and Senior Vice President of Health Sciences); Role: Coordinator and Initiator (2006 - 2008)

Postdoctoral Fellows & Visiting Scholars Supervised

- Panpan Chen, Division of Sports Science and Physical Education, Tsinghua University, China (2022-present)
- Wei Wei, College of Kinesiology and Physical Education, Beijing Normal University, China (2022-present)
- Cheng-Feng Lin, Department of Physical Therapy, National Cheng Kung University, Taiwan (Summer 2022)
- Chih-Yang Lin, Department of Electrical Engineering, Yuan Ze University, Taiwan (Summer 2022)
- Yameng Li, College of Kinesiology and Physical Education, Beijing Normal University, China (2022-present)
- Pu-Chun Mo, Department of Biomedical Engineering, National Cheng Kung University, Taiwan (2021-present)
- Keying Zhang, Department of Sports Science and Physical Education, Tsinghua University, China (2020-2021)
- Xiao Hou, Department of Sports Science and Physical Education, Tsinghua University, China (2020-2021)
- Wen-Wen Yang, Department of Athletic Performance, National Taiwan Normal University, Taiwan (2019)
- Xiaoling Wang, College of Rehabilitation Medicine, Fujian University of Traditional Chinese Medicine, Fujian, China (2019-2020)
- Fu-Lien Wu, Department of Physical Therapy and Assistive Technology, National Yang-Ming University, Taiwan (2018-2019)
- Xueyan Zhang, Beijing Changping Hospital of Integrated Chinese and Western Medicine, Beijing, China (2017-2018)
- Ayman A. Mohamed, Faculty of Physical Therapy, Cairo University and Beni Suef University, Egypt (2016-2018)
- Jicheng Fu, Department of Computer Science, University of Central Oklahoma, Edmond, OK (Summer 2013)
- Chi-Wen Lung, Department of Creative Product Design, Asia University, Taiwan (Summer of 2011, 2013, 2014, 2016, 2017, and 2018)
- Stephanie Burns, Department of Physical Therapy, Oklahoma City VA Medical Center, Oklahoma City, OK (2011-2012)
- Fuyuan Liao, Institute of Biomedical Engineering, Xi'an Jiaotong University, Xi'an, China (2009-2013)

- Yanni Chen, Department of Pediatric Rehabilitation, Xi'an Children's Hospital, Xi'an Jiaotong University, Xi'an, China (2008-2009)

Doctoral Students Supervised

- Dingye Song, PhD in Kinesiology, UIUC, Role: Advisor (accepted into the PhD program)
- Amornthep (Tong) Jankaew, PhD student "Hamstring contractile function and activation during postural control and jumping performance in athletes with and without hamstring injuries, Department of Physical Therapy, National Cheng Kung University, Taiwan, Role: Committee Member (2022-present)
- Serah Pauly, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor and Committee Chair (2022-present)
- Saad Alqahtani, PhD in Community Health, University of Illinois at Urbana-Champaign, Role: Advisor and Committee Chair (2021-present)
- Qitao Tan, PhD in Biomedical Engineering, Hong Kong Polytechnic University, Role: External Examiner (2021, Advisor: Ming Zhang)
- Libak Abou, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Committee Member (2020-2021, Advisor: Laura Rice)
- Runnell Townsend, PhD in Community Health, University of Illinois at Urbana-Champaign, Role: Advisor and Committee Chair (2019-present)
- Mengmeng Ji, PhD in Community Health, University of Illinois at Urbana-Champaign, Role: Co-Advisor (2019-2021, Advisor: Ruopeng An)
- Yang Hu, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: 2nd year review committee member (2019, Advisor: Manuel Hernandez)
- Rachel Dargatz, PhD in Community Health, University of Illinois at Urbana-Champaign, Role: Committee Member (2018-present, Advisor: Hillary Klonoff-Cohen)
- Weiyan Ren, PhD in Biomedical Engineering, Beihang University, Role: Expert Group Member (2018, Advisor: Fang Pu)
- Mingzheng Zhang, PhD in Biomedical Engineering, Beihang University, Role: Expert Group Member (2018, Advisor: Fang Pu)
- Annmarie Chizewski, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Committee Member (2018-2019, Advisor: Steve Petruzzello)
- Sicong Ren, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2017-2018)
- Andrew Hua, MD and PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Committee Member (2017-2019, Advisors: David Buchner and Manuel Hernandez)
- Kate Rougeau, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Committee Member (2016-2017, Advisor: Steve Petruzzello)
- Harry Ming Chun Choi, PhD in Rehabilitation Science, Hong Kong Polytechnic University, Hong Kong, Role: External Examiner (2016-2017, Advisor: Gladys Cheing)
- Jennifer Dysterheft, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Committee Member (2015-2016, Advisor: Ian Rice)
- Jian Jiao, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2014)
- Tim D. Yang, PhD in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2012-present)
- Xiangming Zhang, PhD in Bioengineering, University of Oklahoma, Role: Committee Member (2011-2012, Advisor: Rong Gan)

Masters' & Honors Students Supervised

- Nikeeta Kundal, MS in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2021-present)
- David Pochinka, MS in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2021-present)
- Daqian Rong, MS in Kinesiology, University of Illinois at Urbana-Champaign, Role: Advisor (2012-2015)
- Bernard Lee, MS in Physiology, University of Oklahoma Health Sciences Center, Role: Advisor (2009-2012)
- Jonathan S. Akins, MS in Bioengineering, University of Pittsburgh, Pittsburgh, Role: Committee Member (2006-2008, Chair: David Brienza)
- Yi-Ting Tzen, MS in Rehabilitation Science and Technology, University of Pittsburgh, Role: Committee Member (2005-2008, Chair: David Brienza)
- Gregory Meloy, Bachelor of Philosophy (B.Phil.) Student, University Honors College, University of Pittsburgh, Role: Committee Member (2005-2007, Chair: David Brienza)

Research Interns Supervised (from more than 15 different universities)

- Yu-Wei Chen, Department of Electrical Engineering, Yuan Ze University, Taiwan (Summer 2022)
- Chih-Yun Chiang, Department of Electrical Engineering, Yuan Ze University, Taiwan (Summer 2022)
- Chia-Chun Hsiao, Department of Electrical Engineering, Yuan Ze University, Taiwan (Summer 2022)
- Ying-Chun Lee, Department of Electrical Engineering, Yuan Ze University, Taiwan (Summer 2022)
- Jack Guo, Department of Kinesiology and Community Health, UIUC (Summer 2022-present)
- Amar Suljic, Department of Kinesiology and Community Health, UIUC (Spring 2022)
- Kevin Baek, Department of Bioengineering, UIUC (Fall 2021)
- Lingling Zhou, Shenyang Sports University (UIUC IGMP, Spring 2020)
- Chunming Guo, Shenyang Sports University (UIUC IGMP, Spring 2020)
- Ting Zhu, Shanghai University of Sport, China (UIUC IGMP, Fall 2019)
- Xiangfeng He, Shanghai University of Sport, China (UIUC IGMP, Fall 2019)
- Xiaotong Zhu, Beijing Normal University, China (UIUC IGMP, Fall 2019)
- Peichi Hung, Department of Creative Product Design, Asia University, Taiwan (Summer 2019)
- Yi-Xuan Lee, Department of Creative Product Design, Asia University, Taiwan (Summer 2019)
- Chen-Hao Liao, Department of Creative Product Design, Asia University, Taiwan (Summer 2019)
- Quanxin Lin, Department of Creative Product Design, Asia University, Taiwan (Summer 2019)
- Mona Jawad, Centennial High School, Champaign, IL (Spring 2019-Fall 2019)
- Yinyin Ma, BS, Beijing Normal University, Beijing, China (UIUC IGMP, Spring 2019)
- Yang Liu, BS, Shenyang Sport University, China (UIUC IGMP, Spring 2019)
- Jieying Yang, BS, Shenyang Sport University, China (UIUC IGMP, Spring 2019)
- Jiacong Li, BS, Shanghai University of Sport, Shanghai, China (UIUC IGMP, Fall 2018)
- Yana Wang, BS, Shanghai University of Sport, Shanghai, China (UIUC IGMP, Fall 2018)
- Zhi Zheng, BS, Shanghai University of Sport, Shanghai, China (UIUC IGMP, Fall 2018)
- Jamiu Odunsi, Department of Kinesiology and Community Health, UIUC (Fall 2018-present)
- Wei-Cheng Shen, MS, Asia University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2018)
- Edward TH Lee, Chinese University of Hong Kong, Hong Kong SAR, China (Summer 2018)
- Zaki Naqvi, Department of Kinesiology and Community Health, UIUC (Spring 2018)

- Hema Patel, Department of Kinesiology and Community Health, UIUC (Spring 2018)
- Claudia Kolach, i-Health Program, UIUC (Fall 2017, Spring 2018, Fall 2018)
- Hsin-Ying Chiu, Asia University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2017)
- Pei-Syuan He, Asia University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2017)
- Ariel Huang, Asia University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2017)
- Brandon Leung, Department of Mechanical Engineering, UIUC (Spring 2017)
- Karan Trikha, Department of Mechanical Engineering, UIUC (Fall 2016 - Spring 2017)
- Shashwat Gupta, Department of Mechanical Engineering, UIUC (Fall 2016 - Spring 2017)
- Weiyan Ren, School of Biological Science and Medical Engineering, Beihang University, Beijing, China (Fall 2016)
- Hoi-Ching Ko, Hungkuang University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2016)
- Li-Wen Zhang, Hungkuang University, Taiwan (MOST's Overseas Research Internship, Taiwan, Summer 2016)
- Yu-Ting Jiang, Hungkuang University, Taiwan (MOST's Overseas Research Internship, Summer 2016)
- Ryan Juguan, Department of Recreation, Sport and Tourism, UIUC (Fall 2014 - Spring 2015)
- Chuanhao Zhuge, Department of Electrical and Computer Engineering, UIUC (with Deming Chen, Summer 2014 - Summer 2015)
- Kevin Kibler, Department of Mechanical Science and Engineering, UIUC (with Liz Hsiao-Weckler, Summer 2014 - Spring 2015)
- Ann David, BS, Department of Bioengineering, Christian Medical College, India (Khorana program administered by the University of Wisconsin-Madison, the Government of India, and Indo-US Science and Technology Forum) (Summer 2014)
- Yu-Chen Fa, Hungkuang University, Taiwan (Summer 2014)
- Yu-Xuan Huang, Hungkuang University, Taiwan (Summer 2014)
- Ling-Yi Wang, Hungkuang University, Taiwan (Summer 2014)
- Ameya D. Patil, Department of Electrical Engineering, Indian Institute of Technology, Hyderabad, India (Khorana program administered by the University of Wisconsin-Madison, the Government of India, and Indo-US Science and Technology Forum), Summer 2013)
- Tiffany Varughese, Department of Bioengineering, Rice University, Houston, TX (Summer 2012)
- Sam Howard, Oral Roberts University, Tulsa, OK (Summer 2012)
- Grayson Starbuck, BS, Doctor of Physical Therapy program, OUHSC (01/2012 – 08/2012)
 - Grayson was the first physical therapy student to give an oral presentation in the College of Allied Health Research Day in April 2012.
- Tim D. Yang, Department of Computer Science, University of Central Oklahoma, Edmond, Oklahoma (NIH INBRE, 05/2011 – 08/2012)
 - Selected into the 2012 Oklahoma IDeA Network of Biomedical Research Excellence (INBRE) summer research program and continued his research training in my lab
- Alexandra Tran, Cell and Molecular Biology program, Oklahoma City University, Oklahoma City, Oklahoma (Summer 2011)
- Zachary A. Yokell, Department of Chemical Engineering program, University of Oklahoma (Summer 2011)

- Hem R. Gurung, Department of Biological Sciences, Cameron University, Lawton, OK (NIH INBRE, Summer 2011)
 - First job placement: OUHSC GPIBS PhD program in 2012
- Tiwei Zhu, BS, Department of Mathematics and Statistics, University of Central Oklahoma, Edmond, OK (with Maria Jones, Spring 2011)
- Daqian Rong, BS, Department of Mathematics and Statistics, University of Central Oklahoma, Edmond, OK (with Maria Jones, Spring 2011)
 - First job placement: PhD program in Bioengineering, OU in 2011
- Lena J. Clagg, Program in Agriculture Equine Science, Redlands Community College, El Reno, OK (NIH INBRE, Summer 2010)
 - First job placement: Oklahoma State University College of Veterinary Medicine in 2012
- Elizabeth A. Copenhaver, Department of Biomedical Engineering, Vanderbilt University, Nashville, TN (with David Brienza, NSF REU, Summer 2006)
- Justin L. Kassie, Department of Mechanical Engineering, Carnegie Mellon University (CMU), Pittsburgh, PA (Graduate Student Mentor for David Brienza, Summer 2002)

Research Staff Supervised

- Denisse Lopez, Research Coordinator, Rehabilitation Biomechanics Lab, Department of Rehabilitation Sciences, OUHSC (2011-2012)
- Eym-Soon Chong, BS, Research Coordinator, Rehabilitation Biomechanics Lab, Department of Rehabilitation Sciences, OUHSC (2011-2012)
- Mandip Aryal, MS, Research Technician, Rehabilitation Biomechanics Lab, Department of Rehabilitation Sciences, OUHSC (2009-2010)
- Miziana Abyad, BBA, Research Technician, Rehabilitation Biomechanics Lab, Department of Rehabilitation Sciences, OUHSC (2009)

PROFESSIONAL SERVICE

Editor and Associate Editor of Journals (independently handle the review and decision of the manuscripts)

- **Associate Editor, Assistive Technology** (the official journal of the Rehabilitation Engineering and Assistive Technology Society of North America (**RESNA**); 2014-2020: editorial board; 2021-present: associate editor; impact factor 2.431)
- **Associate Editor, Journal of NeuroEngineering and Rehabilitation** (2018-present, impact factor 4.262)
- **Associate Editor, Frontiers in Bioengineering and Biotechnology** (2015-present; impact factor 5.890)
- **Associate Editor, Frontiers in Physiology** (2015-present; impact factor 4.566)
- **Editor, Scientific Reports** (2022-present; impact factor 4.380)
- **Editor, PLOS ONE** (2016-present; impact factor 3.240)

Editorial Board of Journals – selected list

- **Editorial Board, Journal of Tissue Viability** (the official journal of the **Tissue Viability Society** (2014-present))
- **Editorial Board, BMC Sports Science, Medicine and Rehabilitation** (2022-present)
- **Editorial Board, Medicine in Novel Technology and Devices** (2019-present)
- **Editorial Board, Advances in Rehabilitation** (2018-present)

- **Editorial Board, Journal of Rehabilitation Research and Development** (the official journal of the **US Department of Veterans Affairs**, JRRD was transferred to PLOS Veterans Disability & Rehabilitation Research Channel, 2015-2016.)

Guest Editor of Journals

- **Guest Editor**, Frontiers in Bioengineering and Biotechnology, Special Issue on **Nonlinear Dynamics and Complex Patterns in the Human Musculoskeletal System and Movement** (led by Yih-Kuen Jan, Navrag Singh, Cheng-Feng Lin, and Fuyuan Liao, 2022-present)
- **Guest Editor**, Sensors, Special Issue on **Sensors and Wearable Technologies in Sport Biomechanics** (led by Yih-Kuen Jan, Chi-Wen Lung, Ben-Yi Liao, and Manuel Hernandez, 2022-present)
- **Guest Editor**, Frontiers in Bioengineering and Biotechnology, Special Issue on **Individual's Mechanics, Movement and Kinematics Post-Stroke** (led by Yih-Kuen Jan and Veronica Cimolin, 2022-present)
- **Guest Editor**, Frontiers in Physiology, Special Issue on **Methods and Applications in Clinical and Translational Physiology** (led by Claudio de Lucia, Christina Pabelick, Yih-Kuen Jan, Gaetano Santulli, and Pierre Denise, 2021-present)
- **Guest Editor**, Diagnostics, Special Issue on **Advances in Diagnosis and Pathophysiology of Microvascular Dysfunction** (led by Yih-Kuen Jan, 2021-2022)
- **Guest Editor**, Frontiers in Bioengineering and Biotechnology, Special Issue on **Soft Tissue Biomechanics in Wound Healing and Prevention** (led by Yih-Kuen Jan, Matthew Major, Fang Pu, and Sharon Sonenblum, 2020-2021)
- **Channel Editor**, PLOS Veterans Disability & Rehabilitation Research Channel (led by Noam Harel, Alicia Koontz, Mary Elizabeth Bowen, and Yih-Kuen Jan, formerly Journal of Rehabilitation Research and Development (VA RR&D official journal), 2017-2020)
- **Guest Editor**, Frontiers in Bioengineering and Biotechnology, Special Issue on **Injury Prevention and Rehabilitation** (led by In-Ju Kim, Ravindra Goonetilleke, and Yih-Kuen Jan, 2015-2016)
- **Guest Editor**, Biomed Research International, Special Issue on **Wheeled Mobility** (led by Alicia Koontz, Dan Ding, Yih-Kuen Jan, Sonja de Groot and Andrew Hansen, 2014-2015)

Reviewer of Journals – selected list

- American Journal of Physical Medicine and Rehabilitation
- Archives of Physical Medicine and Rehabilitation
- Assistive Technology
- Australian Occupational Therapy Journal
- Biomedical Signal Processing and Control
- Cardiopulmonary Physical Therapy Journal
- Clinical Biomechanics
- Computers in Biology and Medicine
- Diabetes Technology and Therapeutics
- Disability and Rehabilitation: Assistive Technology
- European Journal of Physical and Rehabilitation Medicine
- Frontiers in Physiology
- IEEE Transactions on Biomedical Engineering
- IEEE Transactions on Neural Systems and Rehabilitation Engineering
- Journal of American Geriatric Society
- Journal of Applied Physiology
- Journal of Bioinformatics and Diabetes
- Journal of Medical Devices
- Journal of Spinal Cord Medicine
- Journal of Sports Medicine and Physical Fitness

- Journal of Tissue Viability
- Medical & Biological Engineering & Computing
- Medical Engineering and Physics
- Medicine & Science in Sports & Exercise
- Microvascular Research
- Neuromodulation
- Physiological Measurement

Reviewer of Funding Agencies

2022	Grant Reviewer, National Health Research Institutes, Taiwan
2022	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2022	Grant Reviewer, Research Grants Council, Hong Kong SAR
2002	Grant Reviewer, Campus Review Board, UIUC
2021	Grant Reviewer, National Natural Science Foundation of China / Research Grants Council, Joint Research Scheme, Hong Kong SAR
2021	Grant Reviewer, National Health Research Institutes, Taiwan
2021	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2021	Grant Reviewer, Research Grants Council, Hong Kong SAR
2020	Grant Reviewer, DRRP, National Institute on Disability, Independent Living, and Rehabilitation Research
2020	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2019	Grant Reviewer (phone), Musculoskeletal Rehabilitation Sciences, CSR, NIH
2019	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2018	Grant Reviewer, Merit Awards, Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
2018	Participant/Grant Reviewer, Center for Scientific Review Anonymization Study, National Institutes of Health (NIH)
2018	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2018	Hong Kong Food and Health Bureau, Health and Medicine Research Fund, Hong Kong SAR
2017	Grant Reviewer, Paralyzed Veterans of America Research Foundation (PVA)
2017	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2017	Hong Kong Food and Health Bureau, Health and Medicine Research Fund, Hong Kong SAR
2016	Grant Reviewer, SBIR Phase 2, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2016	Grant Reviewer, Merit Awards (2 nd cycle), Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
2016	Grant Reviewer, SBIR Phase 1, National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR)
2016	Grant Reviewer, Musculoskeletal Rehabilitation Study Section (MRS), National Institutes of Health

- 2016 Grant Reviewer, Merit Awards (1st cycle), Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
- 2016 Judge, Conquer Paralysis Now Grand Challenge (formerly Sam Schmidt Paralysis Foundation)
- 2016 Hong Kong Food and Health Bureau, Health and Medicine Research Fund, Hong Kong SAR
- 2015 Hong Kong Food and Health Bureau, Health and Medicine Research Fund, Hong Kong SAR
- 2015 Early Career Reviewer program, Center for Scientific Review, National Institutes of Health (NIH)
- 2015 Grant Reviewer, Spinal Cord Injury Research Program (SCIRP), CDMRP, Department of Defense
- 2015 Grant Reviewer, Merit Awards, Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
- 2015 Grant Reviewer, SPiRE awards, Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
- 2015 Alternate Grant Reviewer, Disability and Rehabilitation Research Projects (DRRP), National Institute of Disability, Independent Living and Rehabilitation Research (NIDILRR)
- 2015 Grant Reviewer, Peer Reviewed Medical Research Program (PRMRP), Congressionally Directed Medical Research Programs (CDMRP), US Department of Defense (DOD)
- 2015 Judge, Conquer Paralysis Now Grand Challenge (formerly Sam Schmidt Paralysis Foundation)
- 2014 Hong Kong Food and Health Bureau, Health and Medicine Research Fund, Hong Kong SAR
- 2014 Grant Reviewer, SPiRE awards, Rehabilitation Research and Development, US Department of Veterans Affairs (VA)
- 2014 Alternate Grant Reviewer, Disability and Rehabilitation Research Projects (DRRP), National Institute of Disability, Independent Living and Rehabilitation Research (NIDILRR)
- 2014 Grant Reviewer, Peer Reviewed Orthopaedic Research Program (PRORP), Congressionally Directed Medical Research Programs (CDMRP), Department of Defense (DOD)
- 2013 Grant Reviewer, Spinal Cord Injury Research Program (SCIRP), Congressionally Directed Medical Research Programs (CDMRP), Department of Defense (DOD)
- 2011 Grant Reviewer, Field Initiated Program, National Institute on Disability, Independent Living and Rehabilitation Research
- 2011 Grant Reviewer (mail), Study Section (Dermatology, Rheumatology, and Inflammation), National Institutes of Health (NIH)
- 2010 Grant Reviewer, Field Initiated Program, National Institute on Disability, Independent Living and Rehabilitation Research
- 2009 Grant Reviewer, Field Initiated Program, National Institute on Disability, Independent Living and Rehabilitation Research

International Committees and Services

- 2015-present World Health Organization (WHO), Global Cooperation on Assistive Technology (GATE), Geneva, Switzerland (Director: Chapal Khasnabis)
 - Co-author, position paper on the personnel (2017-2018)

- Invited participant, Global Research, Innovation, and Education in Assistive Technology (GREAT) Summit (2017)
- Member (2015-present)
- 2018-present Beijing Advanced Innovation Center for Biomedical Engineering, School of Biological Science and Medical Engineering, Beihang University, Beijing, China (Director: Yubo Fan)
 - Summer visiting professor
- 2015-present Taiwan Ministry of Science and Technology, New Partnership Program for the Connection to the Top Labs in the World, Taiwan
 - Host lab director
- 2013-present India Khorana Program & Bose Program, India
 - Host lab director
- 2012-present International Compression Club (ICC)
 - Member, compression therapy guideline development
- 2015-2020 National Research Center for Rehabilitation Technical Aids, Ministry of Civil Affairs, Beijing, China (Director: Yubo Fan)
 - Academic committee member
- 2016-2017 International Convention on Rehabilitation Engineering and Assistive Technology (i-CREATe), Coalition on Rehabilitation Engineering and Assistive Technology of Asia
 - Advisory committee member

Professional Organizations

- 2001-present **Rehabilitation Engineering and Assistive Technology Society of North America (RESNA)** (2001-2004: student member, 2004-present: member)
 - **Chair, Scientific Papers of annual conferences (2014-2021 (conference chairs Alisa Brownlee, John Anschutz, Doug Gayton)) (2021 RESNA Distinguished Service Award)**
 - **Member, Research Committee (2013-present; chairs Rich Simpson, Heidi Koester, Sajay Arthanat)**
 - **Member, Conference Committee (2013-2021)**
 - **Vice Chair, International Special Interest Group (2017-2020)**
 - **Member, Assistive Technology Standards Board (2014-present)**
 - **Member, Assistive Technology Journal Board (2014-present)**
 - **Co-author, RESNA Position Paper on Power Seat Function Usage in 2015**
 - **Member, Student Development Committee (2012-2013; chair Sharon Sonenblum)**
 - **Reviewer, Scientific Papers (2009-2014, 2021-present)**
 - **Reviewer, Instructional Courses and Workshops (2009-2017)**
 - **Reviewer, Student Scientific Paper Competition (2009-2017)**
- 2013-present **World Association for Chinese Biomedical Engineers (WACBE)**
 - **Councilor (board of directors) (2017-2022)**
 - **Editor, Newsletters (2017-present)**
 - Member, Scientific Program Committee
- Inactive*
- 2005-2009 American Diabetes Association (ADA)
- 2012-2016 American Spinal Injury Association (ASIA)
 - Member, Rehabilitation Standards Committee (2014-2016)
 - Special Guest, Board of Directors Strategic Planning Retreat (2015)
- 2004-2012 American Physical Therapy Association (APTA)
 - Clinical Electrophysiology and Wound Management Section
 - Cardiovascular and Pulmonary Rehabilitation Section
 - Cardiopulmonary Physical Therapy Journal Reviewer (2010-2012)

2008-2014	American Society of Biomechanics (ASB) - Reviewer, ASB annual scientific conference (2009, 2013)
2010-2017	IEEE Engineering in Medicine and Biology Society (EMBS) - Reviewer, Student Scientific Paper Competition (2010)
1996-1999	Physical Therapist Association of Republic of China (PTAROC) (#927)

Reviewer for Peer Universities

2021	Reviewer, promotion and tenure, University of Oklahoma Health Sciences Center
2021	Reviewer, promotion and tenure, Tianjin University, China
2021	Reviewer, promotion and tenure, University of Oklahoma
2020	Reviewer, promotion and tenure, Tianjin University, China
2020	Reviewer, promotion and tenure, University of Oklahoma Health Sciences Center
2019	Reviewer, promotion and tenure, Tianjin University, China
2019	Reviewer, promotion and tenure, Georgia State University
2018	Reviewer, promotion and tenure, Tianjin University, China

University Committees and Services (at UIUC, OUHSC, and Pitt)

2016-present	Member, Senate Committee on Diversity, Equity and Inclusion (formerly Equal Opportunity and Inclusion, Chair: JJ Pionke)
2019	Grant Reviewer, Campus Research Board, UIUC
2017	Co-Facilitator, Social Equity and Access session, Illinois-National Taiwan University Global Forum (with Andi Schwingel)
2017	Reviewer, Fulbright applications, UIUC
2017	Judge, Poster Competitions, Undergraduate Research Symposium, UIUC
2017-2020	Member, IRB Committee on Bio-Medical Research, UIUC (Chair: Ken Wilund)
2016-2018	Faculty Senate, The Senate of the Urbana-Champaign Campus, University of Illinois
2016	Member, Program Committee, Design Center Inaugural Symposium, UIUC (Chair: Madhu Viswanathan)
2015-2016	Member, Design Center Program Working Group Committee, Provost's ad-hoc committee, UIUC (Chair: Andy Singer)
2013-2015	Grant Reviewer, Campus Research Board, UIUC
2012	Member, Admission Committee, Graduate Program in Biomedical Science (GPiBS), OUHSC (Chair: Eric Howard)
2010-2012	Member, Program Evaluation Committee, Graduate College, OUHSC
2010-2012	Member, Outstanding Thesis/Dissertation Committee, Graduate College, OUHSC
2009	Grant Reviewer, College of Medicine Alumni Association research grant program, University of Oklahoma Health Sciences Center (OUHSC)
2009-2012	Judge, Poster Competitions, Graduate Research, Education, and Technology (GREAT) Annual Scientific Symposium, Graduate College, OUHSC
2009-2012	Mentor, Graduate Program in Biomedical Science, Graduate College, OUHSC

Department & College Committees and Services (at UIUC, OUHSC, and Pitt)

2021-present	Member, Website and Communications Committee, KCH
2020-present	Member, Diversity, Equity, and Inclusion Committee, KCH
2019-present	Director, International Graduate Mentors Program (IGMP), Global Education & Training, Illinois International
2018-present	Mentor, International Graduate Mentors Program on Kinesiology and Community Health, Global Education & Training, Illinois International

2018-2020 Member, Educational Policy Committee, KCH (Chair: Kim Graber)

2018-2019 Member, Search Committee for a tenure track faculty on Rehabilitation Counseling, KCH (Chair: Chung-Yi Chiu)

2018-2019 Member, KCH Framework Development Committee (Chair: Sean Mullen)

2017-2018 Member, Search Committee for an open rank faculty on Health, Aging and Technology, AHS (Chair: Jake Sosnoff)

2017-2018 Member, Search Committee for an assistant/associate professor on Exercise Psychology, KCH (Chair: Steve Petruzzello)
